HOW TO SELECT THE BEST WEB HOST

How To Select The Best Web Hosting Company

Why Do I Need Web Hosting?

Once [your website is created](#) and your [domain name registered](#), the digital files that make your website need to be stored on an web server, so your website can be reached by all internet visitors at any time. A web hosting company provides this service by running web servers with special software to ensure the security, accessibility and functionality of your website on the internet.

How Much Is Web Hosting?

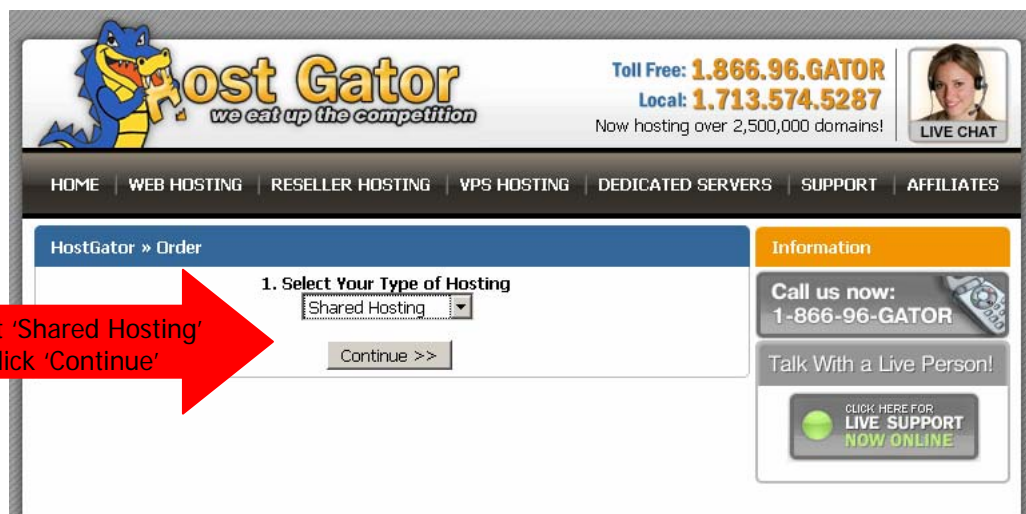

There are many web hosting companies with a multitude of hosting plans out there, and selecting a good one can be overwhelming. The **web hosting fee for a regular website** ranges usually between \$5 and \$10 per month. Extra features like secure payment sites for shopping cart websites can be added for an extra fee, if necessary. In order to ensure that your website has no down-time and can be reached fast and secure, it pays to select a reputable web host with reliable equipment, secure software and 24/7, US based support.

After many years of working with different web hosting companies, we have selected [Hostgator](#) as our preferred web host.

On the Websites Are Us page, click the Hostgator Icon

You will be forwarded to the Hostgator website. Make sure 'Shared Hosting' is selected, and click continue.

Select 'Shared Hosting' and click 'Continue'

On the next page, select the 'Hatchling' Plan, and your payment options (we suggest to prepay for 1 year or longer):

Every web hosting plan comes with a 45 day money back guarantee, 99.9% uptime guarantee, and is fully guaranteed by the owner himself. If you ever have a problem with the regular support, just ask that your ticket be assigned to Brent and he will personally take the time to give you the VIP attention that you deserve.

[Compare All Hosting Plans](#) [ORDER NOW](#)

Select the 'Hatchling Plan' and 1 year (or longer)

and click the 'order now' button.

In the next window (assuming you already have bought your website's domain name), type your domain name in the right window (replace 'mywebsite.com' with the domain name you own), and click 'Continue to Step 2':

Step 1: Choose a Domain

Step 1 » Step 2

Register a New Domain

Help me **register** a new domain name

Enter Domain Name

Continue to Step 2 »

I Currently Have a Domain Name

Use an existing domain name.

Enter Domain Name:

mywebsite.com

Continue to Step 2 »

Enter a Coupon Code

Coupon Code: SPRING ✓ You have chosen our most valuable coupon!

Your discount from Websites Are Us

You will most likely get a discount for using the link on our website, although we cannot guarantee that as Hostgator is changing promotions regularly.

In the next window, check again that you have selected the 'Hatchling Plan', create an user name and pin (make sure to write these down for future access), enter your billing information and click 'create account':

Step 2: Billing Information Step 1 » Step 2

Please confirm your hosting package information:

Package Type: Hatchling | Billing Cycle: 12 Month @ 6.95/mo

Please choose your account information:

Username: [] | Security Pin: []

I have read and agree to the [terms and conditions](#) of use.

Create Account

Check that 'Hatchling' is selected

Select your Username and Security Pin

Enter your billing information

Click to create your account

That's it. You will get a confirmation email with the set up information for you website's hosting. Please forward this email to us so we have access and can set up your new website.

At the end of the billing cycle you will get an email invoice from Hostgator to renew your account, but we highly suggest that you also note in your calendar to renew your account, in case the email gets lost.

If you need assistance with your order, please call me at (760) 295 2592, or email me.

Thank you for being a Websites Are Us customer. I am looking forward to working with you!
